December 6, 1982

Mr. Charles W. Westerman
City Clerk
Room 122, City-County Building
One Main Street
Fort Wayne, IN 46802

Dear Mr. Westerman:

Pursuant to Section 2-16 of the Fort Wayne City Code I hereby request that you call a Special Meeting of the Common Council for December 8, 1982 at 7:00 p.m. in Council Chambers. The purpose of this specially called session will be for the City Administration to present the City Utilities budgets for 1983.

Each Councilmember was previously apprised of this meeting by a letter on November 24, 1982.

We hope that this Special Session will be a productive way to exchange information and ideas about the operation of the Water and Sewer Utilities.

Respectfully submitted,

Win Moses, Jr.
Mayor

The City of Fort Wayne

Office of the Mayor

November 24, 1982

Dear Mr. Westerman:

For your information and understanding, the City Administration is proposing a special session on Wednesday evening, December 8th on the City Utility's Budgets for 1983. The Water and Sewer Utilities will spend approximately \$17,000,000.00 in local funds next year, and after several months of budget preparation and analysis, we would like to present our proposed allocation of spending.

The City Utilities, as you know, operates with an accounting and financial system far closer to a business than to a government. Expenditures are strictly limited by revenues. Revenues are controlled by a mixture of rates, which are set by City Council and the Public Service Commission, and by demand. Since 1979, water and sewer rates have risen only 9%, and demand, (reflecting the state of the national economy), has been practically stagnant. Therefore, in 1982 the Administration had to pare nearly a million dollars in payroll from City Utilities. The 1983 Budget reflects the continuing squeeze brought by wage and commodity price increases coupled with declining demand.

The information session on the Budget will include the Utilities' audit statement from Coopers & Lybrand, historical budget information, personnel level information, line item budgets for all departments, and a projected profit statement for the two utilities. Bernard Perry, Frank Heyman and Alan Zirkle, Director of Operations, will be available to explain this information and answer questions.

We hope that this special session will be a productive way to exchange information and ideas about the operation of the water and sewer utilities.

Sincerely,

Win Moser
Mayor
